Evolving Solutions Presents...

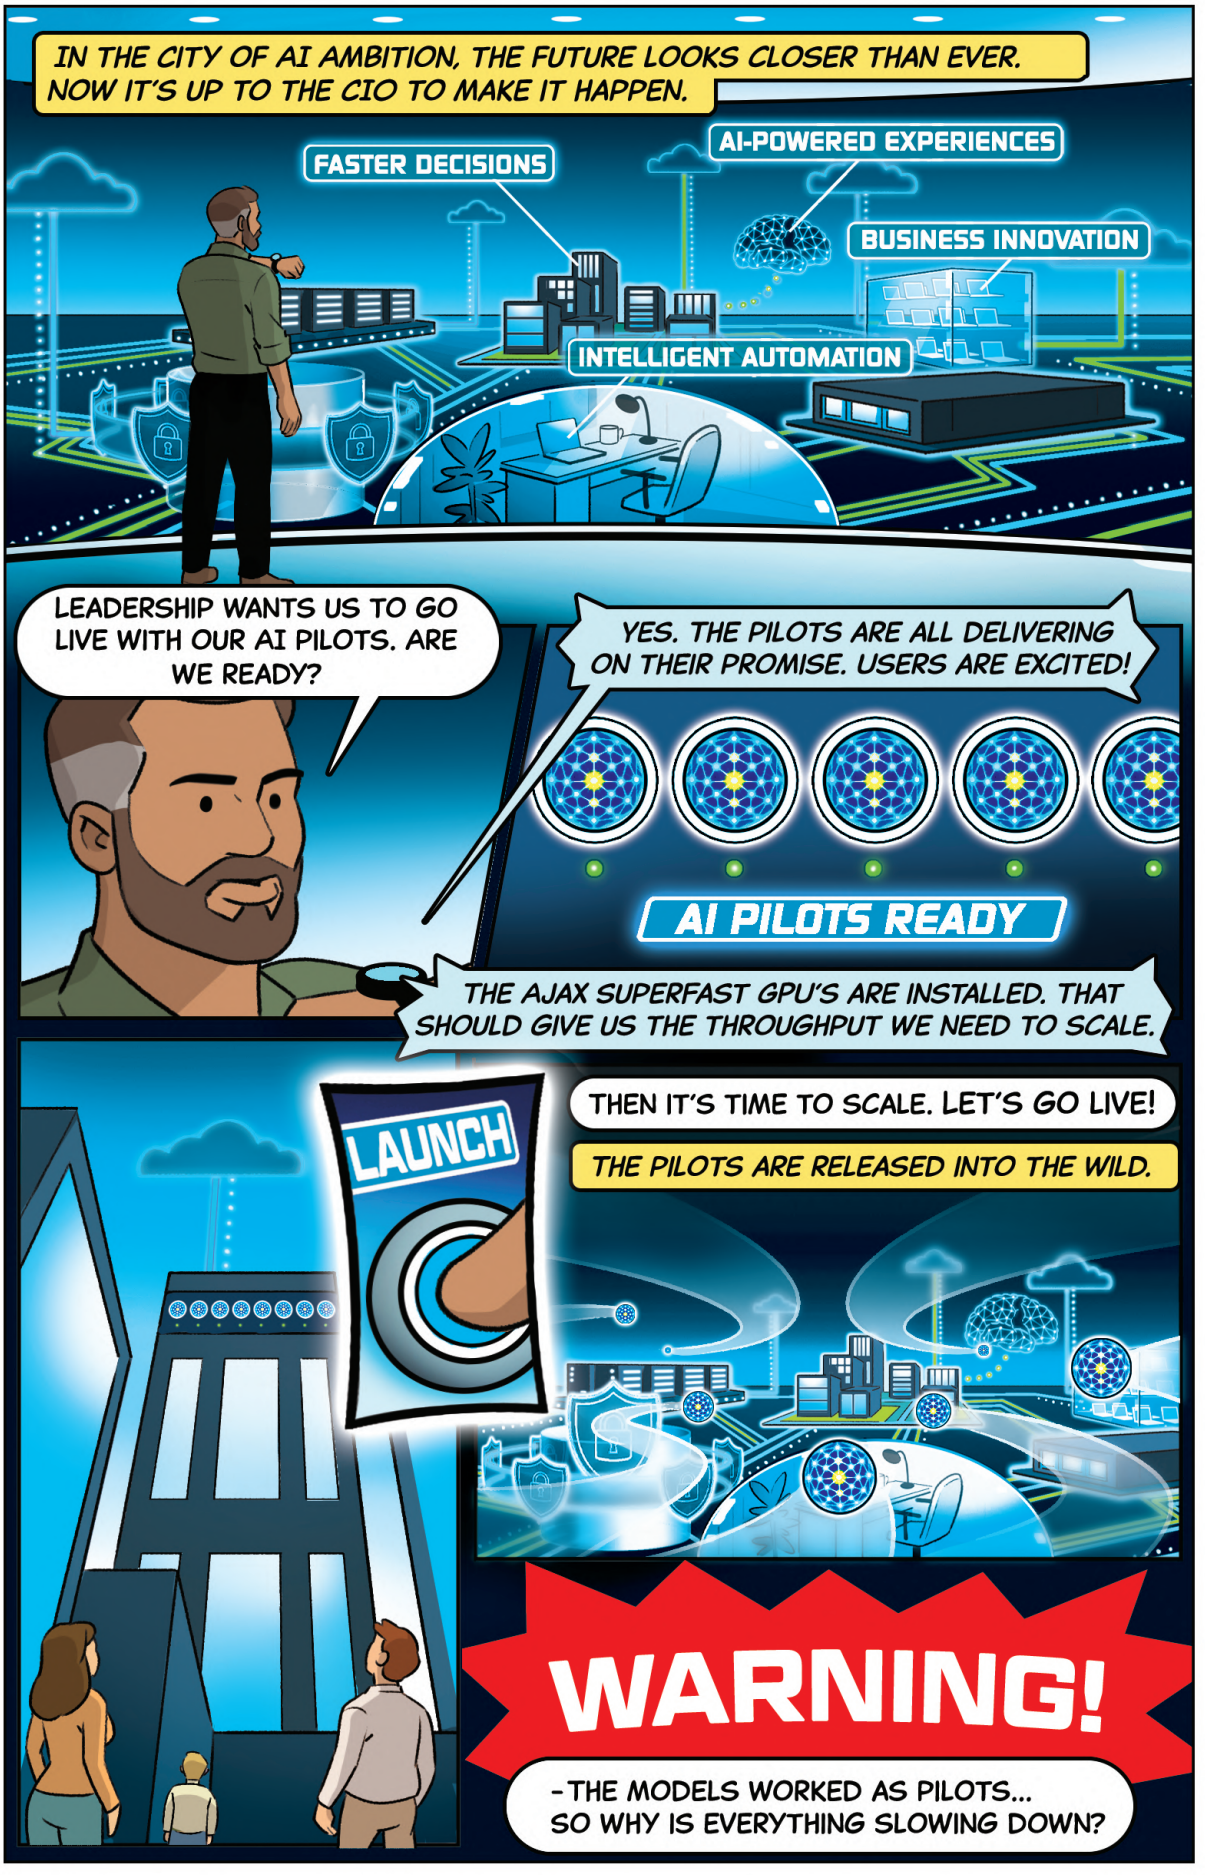

#1 ISSUE!

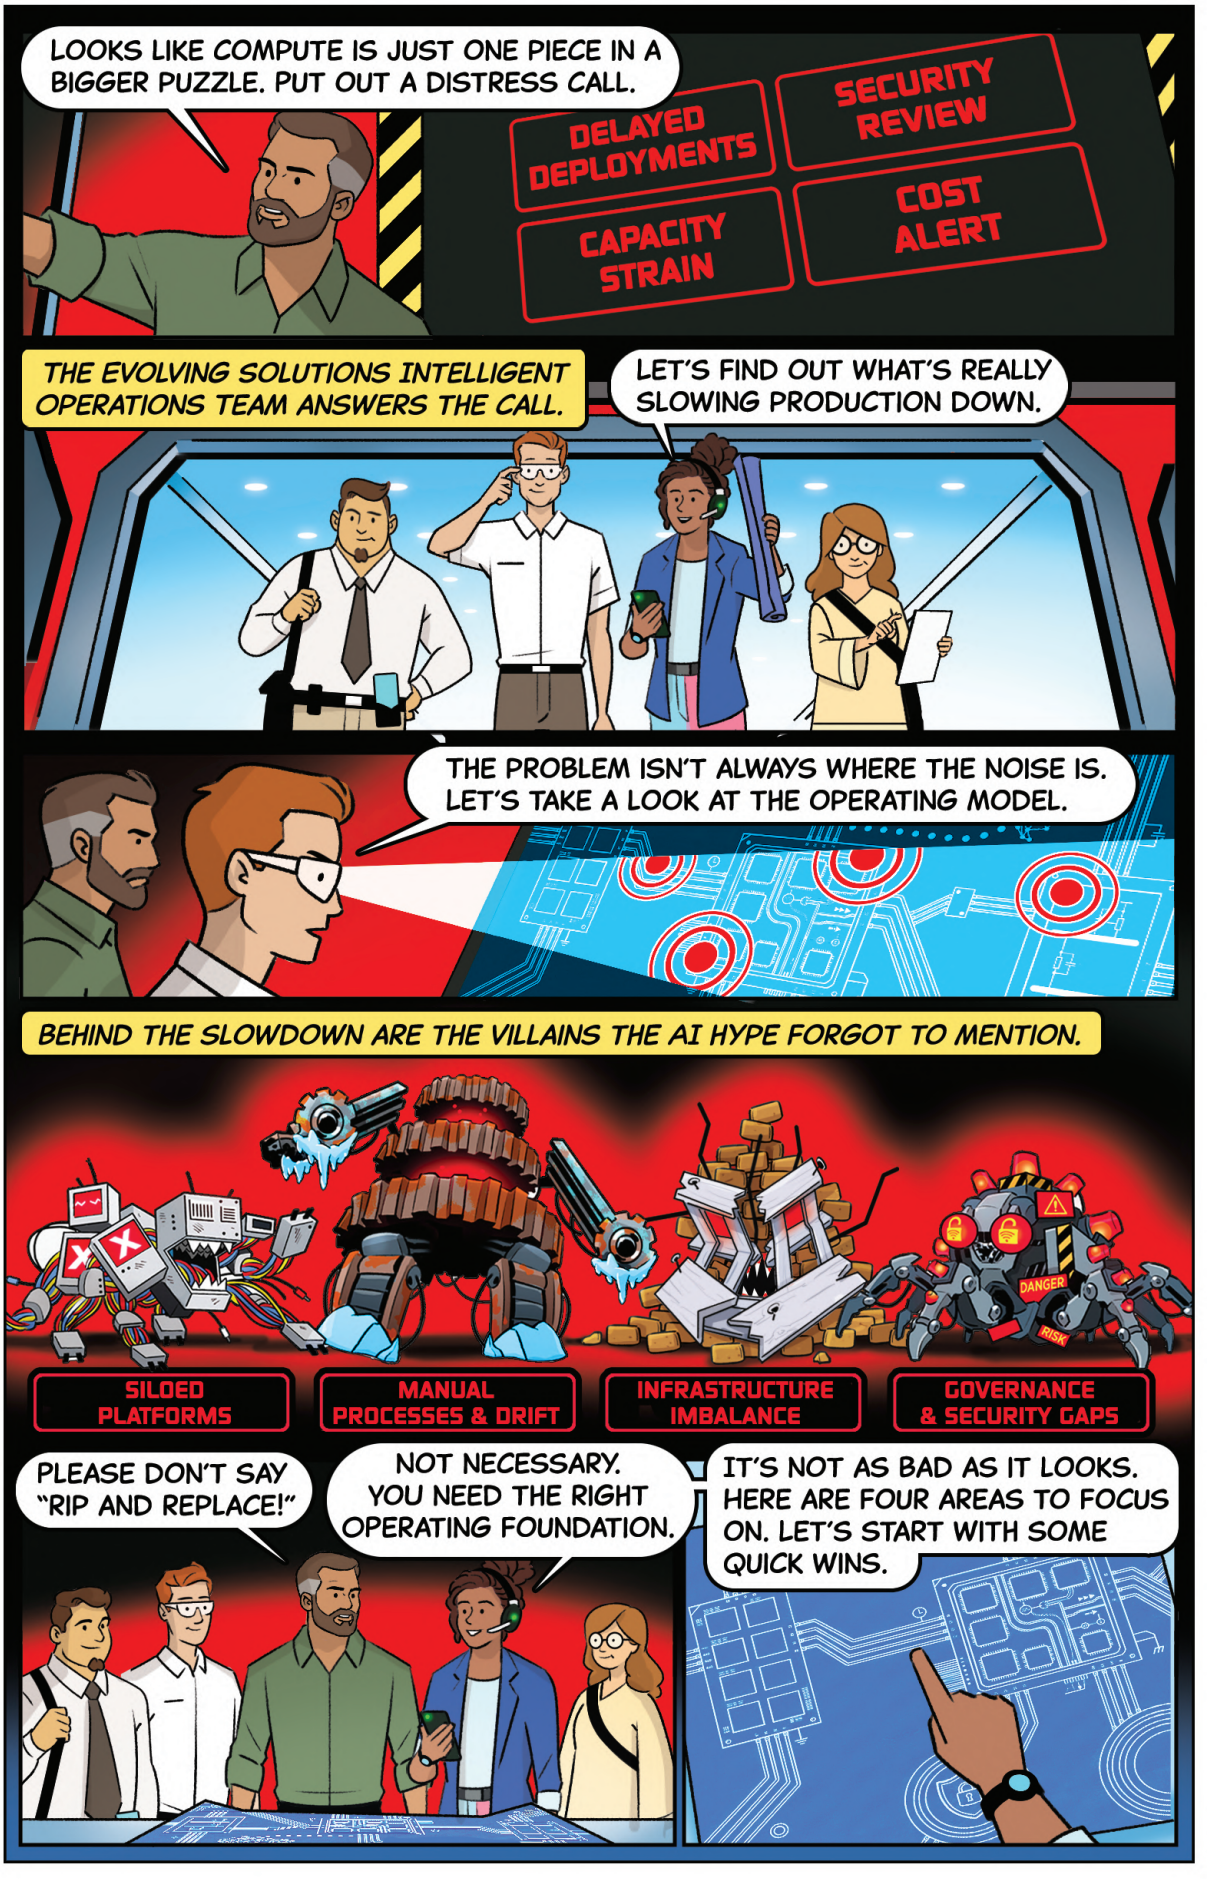

MISSION: FROM AI HYPE TO AI READY

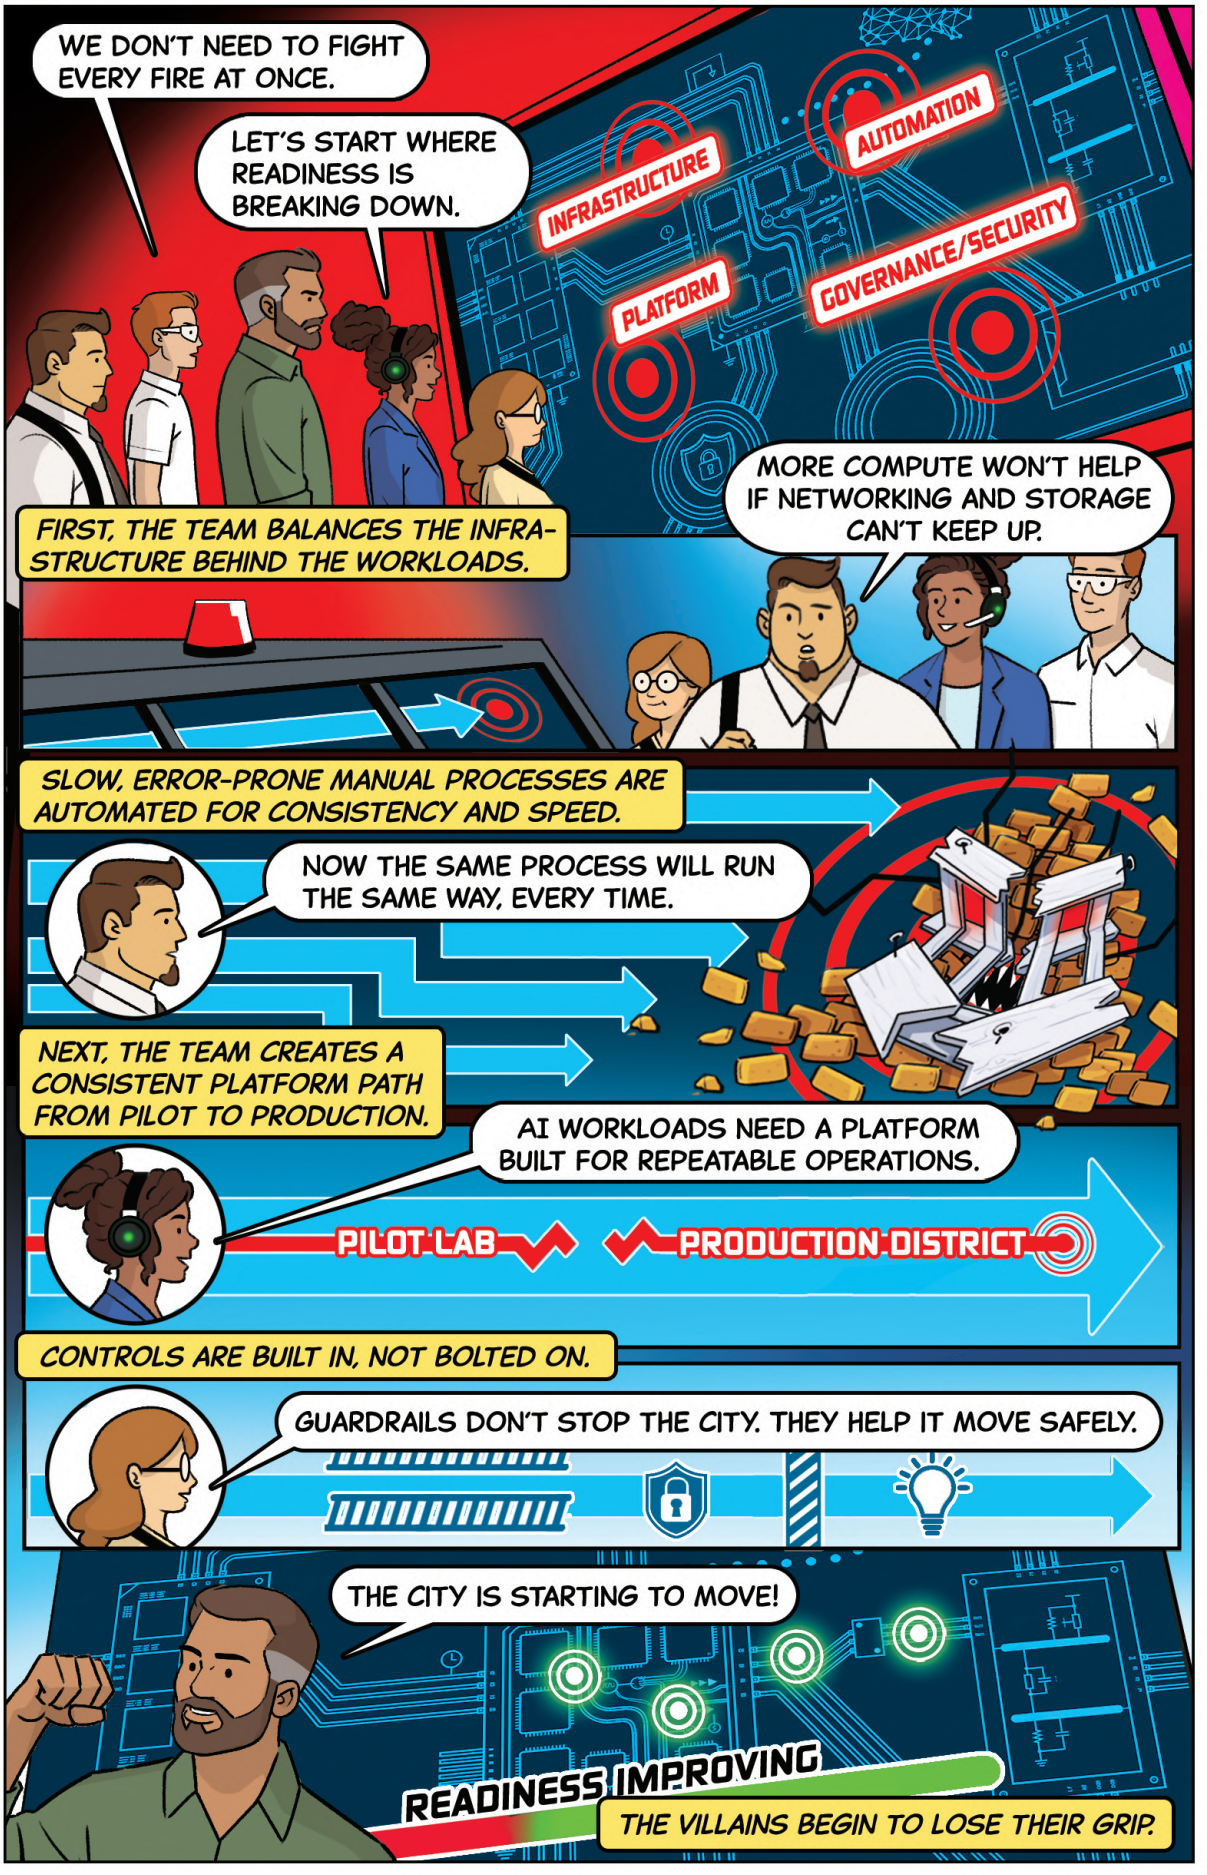

Building A Foundation For AI With Speed, Scale, & Control

★ ★ ★ SPECIAL EDITION ★ ★ ★

IN THE CITY OF AI AMBITION, THE FUTURE LOOKS CLOSER THAN EVER. NOW IT'S UP TO THE CIO TO MAKE IT HAPPEN.
FASTER DECISIONS
AI-POWERED EXPERIENCES
BUSINESS INNOVATION
INTELLIGENT AUTOMATION
LEADERSHIP WANTS US TO GO LIVE WITH OUR AI PILOTS. ARE WE READY?
YES. THE PILOTS ARE ALL DELIVERING ON THEIR PROMISE. USERS ARE EXCITED!
AI PILOTS READY
THE AJAX SUPERFAST GPU'S ARE INSTALLED. THAT SHOULD GIVE US THE THROUGHPUT WE NEED TO SCALE.
LAUNCH
THEN IT'S TIME TO SCALE. LET'S GO LIVE!
THE PILOTS ARE RELEASED INTO THE WILD.
WARNING!
-THE MODELS WORKED AS PILOTS... SO WHY IS EVERYTHING SLOWING DOWN?

LOOKS LIKE COMPUTE IS JUST ONE PIECE IN A BIGGER PUZZLE. PUT OUT A DISTRESS CALL.
DELAYED DEPLOYMENTS
SECURITY REVIEW
CAPACITY STRAIN
COST ALERT
THE EVOLVING SOLUTIONS INTELLIGENT OPERATIONS TEAM ANSWERS THE CALL.
LET'S FIND OUT WHAT'S REALLY SLOWING PRODUCTION DOWN.
THE PROBLEM ISN'T ALWAYS WHERE THE NOISE IS. LET'S TAKE A LOOK AT THE OPERATING MODEL.
BEHIND THE SLOWDOWN ARE THE VILLAINS THE AI HYPE FORGOT TO MENTION.
DANGER
RISK
SILOED PLATFORMS
MANUAL PROCESSES & DRIFT
INFRASTRUCTURE IMBALANCE
GOVERNANCE & SECURITY GAPS
PLEASE DON'T SAY "RIP AND REPLACE!"
NOT NECESSARY. YOU NEED THE RIGHT OPERATING FOUNDATION.
IT'S NOT AS BAD AS IT LOOKS. HERE ARE FOUR AREAS TO FOCUS ON. LET'S START WITH SOME QUICK WINS.

WE DON'T NEED TO FIGHT EVERY FIRE AT ONCE.
LET'S START WHERE READINESS IS BREAKING DOWN.
INFRASTRUCTURE
AUTOMATION
PLATFORM
GOVERNANCE/SECURITY
FIRST, THE TEAM BALANCES THE INFRA-STRUCTURE BEHIND THE WORKLOADS.
MORE COMPUTE WON'T HELP IF NETWORKING AND STORAGE CAN'T KEEP UP.
SLOW, ERROR-PRONE MANUAL PROCESSES ARE AUTOMATED FOR CONSISTENCY AND SPEED.
NOW THE SAME PROCESS WILL RUN THE SAME WAY, EVERY TIME.
NEXT, THE TEAM CREATES A CONSISTENT PLATFORM PATH FROM PILOT TO PRODUCTION.
AI WORKLOADS NEED A PLATFORM BUILT FOR REPEATABLE OPERATIONS.
PILOT LAB
PRODUCTION DISTRICT
CONTROLS ARE BUILT IN, NOT BOLTED ON.
GUARDRAILS DON'T STOP THE CITY. THEY HELP IT MOVE SAFELY.
THE CITY IS STARTING TO MOVE!
READINESS IMPROVING
THE VILLAINS BEGIN TO LOSE THEIR GRIP.

THE INFRASTRUCTURE BOTTLENECK LOSES ITS GRIP AS THE FOUNDATION ACHIEVES BALANCE.

AI DOESN'T SCALE ON RAW POWER ALONE. THE FOUNDATION HAS TO BE TUNED TO KEEP UP WITH THE LOAD.

BOTTLENECK

THE AUTOMATION ACCELERATOR REPLACES SLOW, MANUAL EFFORT WITH FAST, REPEATABLE DEPLOYMENT.

NOW DEPLOYMENT IS FASTER, REPEATABLE, AND EASIER TO CONTROL.

THE PLATFORM UNIFIER ENABLES WORKLOADS TO MOVE SMOOTHLY FROM DEVELOPMENT TO PRODUCTION.

SO WE DON'T NEED TO REBUILD EVERY PILOT JUST TO MAKE IT PRODUCTION READY?

PILOT LAB

PRODUCTION

THE GOVERNANCE GUARDIAN BAKES CONTROLS INTO THE OPERATING MODEL.

THAT HELPS INNOVATION MOVE SAFELY WITHOUT SLOWING IT DOWN.

TOGETHER, THE MISSIONS BECOME THE OPERATING MODEL FOR AI.

FASTER MOVEMENT. ROOM TO SCALE. BETTER CONTROL.

SCALE

SPEED

CONTROL

THAT'S HOW AI AMBITION BECOMES OPERATIONAL CAPABILITY.

AI DOESN'T NEED MORE HYPE. IT NEEDS A STRONGER FOUNDATION.

THE SUPER HEROES OF FUTURE-READY INFRASTRUCTURE HELP ORGANIZATIONS TURN AI AMBITION INTO OPERATIONAL CAPABILITY—ONE QUICK WIN AT A TIME.

INFRASTRUCTURE

PLATFORM

AI

VISIBILITY

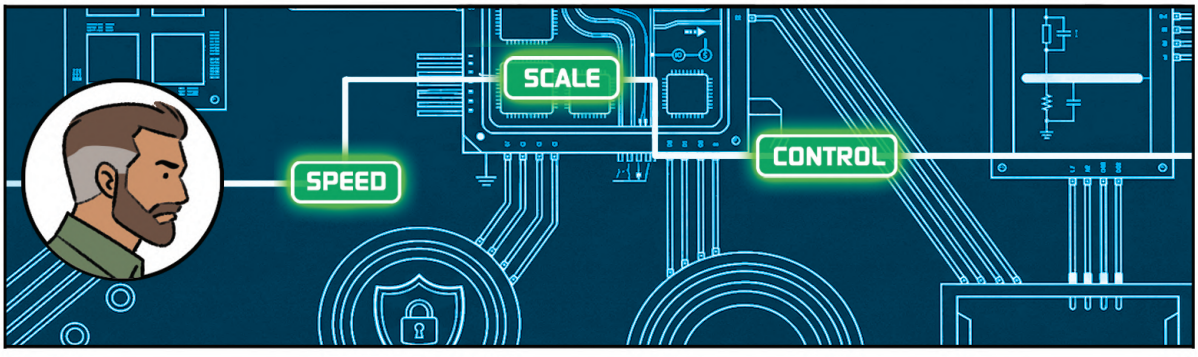

GOVERNANCE/SECURITY

AUTOMATION

MEANWHILE, IN THE SHADOWS... 'TOKEN COSTS' PREPARES TO STRIKE.

EVOLVING SOLUTIONS | 30 YEARS

We help organizations build the operational foundation for AI-driven change.

Let's Get to Work!
